## INTRODUCTION

This report provides a classification of the single, married, widowed and divorced population by age groups and sex according to the 1966 Census of Canada.

Table 34 shows the marital status of the urban, rural non-farm and farm population of Canada and the provinces by five-year age groups. In the tables for cities and towns of 30,000 and over and census metropolitan areas (Tables 35 and 36) broader age classes are used.

Totals shown under "married" in these tables include all married persons whether living together, or living apart for any reasons unless a divorce has been obtained. The age classifications are based on a definition which specifies completed years of age at last birthday prior to the census date of June 1, 1966. Definitions of the urban, rural non-farm and farm population are provided in the Introduction to Report 1-8.

Le présent rapport donne la répartition de la population célibataire, mariée, veuve ou divorcée par groupe d'âge et sexe lors du recensement du Canada en 1966.

Le tableau 34 répartit l'état matrimonial de la population urbaine, rurale non agricole et agricole du Canada et des provinces par groupe quinquennal d'âge. Dans les tableaux qui portent sur les cités et villes de 30,000 habitants ou plus et sur les zones métropolitaines de recensement (tableaux 35 et 36), la répartition est faite suivant de plus grands groupes d'âge.

Les chiffres de la colonne des "mariés" dans ces tableaux englobent toutes les personnes mariées vivant ensemble ou vivant séparées pour une raison quelconque à moins qu'elles n'aient obtenu un divorce. Les classements par âge se fondent, par définition, sur l'âge révolu au dernier anniversaire antérieur au 1er juin 1966, date du recensement. Les définitions de la population urbaine, rurale non agricole et agricole se trouvent dans l'Introduction au rapport 1-8.
